

Situation 2: How to use the Tube.

GERMAN TOURIST

LONDONER

Könnten sie mir bitte erklären, wie ich mit der Londoner U-Bahn fahren kann?

Oh, it's easy but it is pretty expensive.

Was kostet denn eine Fahrt?

Most single tickets are £ 1.70.
You have to keep your ticket till the end of the journey.

Wo kann man die Fahrkarten kaufen?

Either at the ticket office or from the ticket machine.
The machine takes coins only. That's a problem.
You can also buy a day pass. That's a good thing for tourists.

Und wie finde ich jetzt die richtige U-Bahn-Verbindung?

There is the tube map at all tube stations and on every single train.
Each line has got a certain colour and a certain number.
Do you see those junctions? That's where you can change trains if you want to.

Würden Sie mir zeigen, wie man am Fahrkartenautomaten eine Tageskarte löst?

Yes, of course! I'm happy to help you!
